ABSTRACT

The Community Recipe Sharing Platform is designed to connect food enthusiasts and home cooks from around the world to share and discover delicious recipes with ease. Users can create personalized profiles search for recipes based on specific criteria share their own recipes . The platform also allows users to leave notes on recipes for customized variations and adaptations fostering a sense of community and collaboration among users. By incorporating features such as advanced filtering options privacy settings and a user-friendly interface the platform aims to provide a seamless and engaging experience for all users. Whether you're a seasoned chef looking to showcase your culinary creations or a beginner eager to explore new dishes the Community Recipe Sharing Platform offers a vibrant and interactive space for sharing learning and connecting through the joy of cooking.
