AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY

TAMARAM (VILL), MAKAVARAPALEM (M.O), VISAKHAPATNAM (DIST).

Alumni Coordination Cell

Department of Mechanical Engineering

Academic year: 2021-2022

Conducted on: 25-11-2021
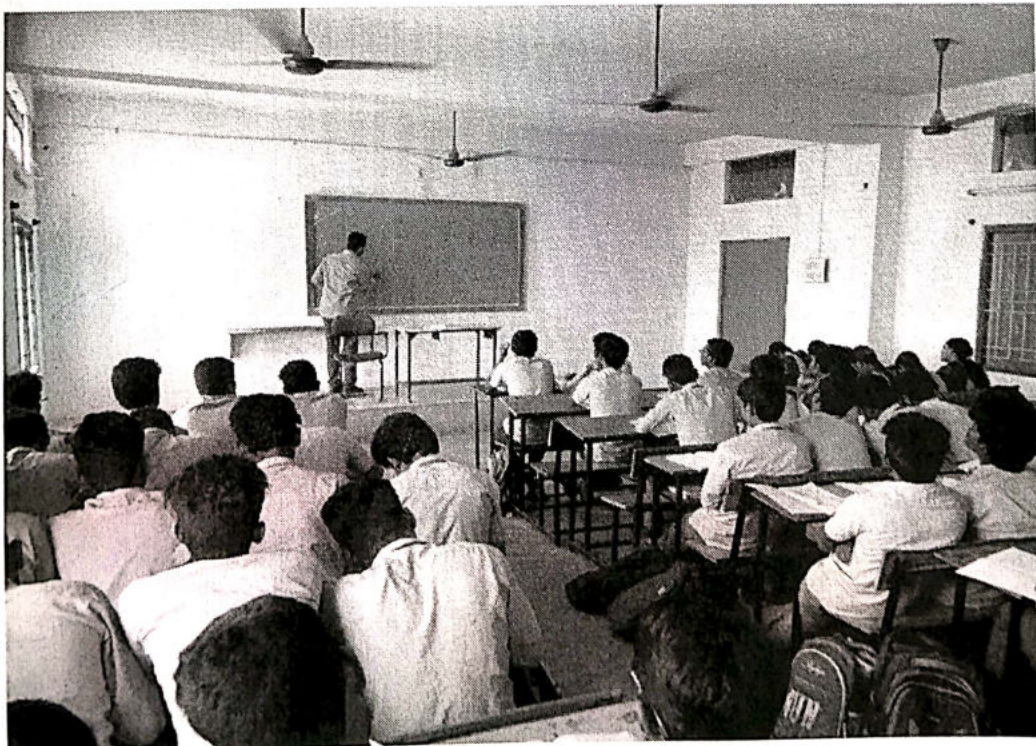

Name of the Alumni/Speaker: SURISETTY SAIRAM

Designation &Organization: TCS

Topic delivered: 3D PRINTING

Target group: I&II, III, IV B. TECH MECHANICAL STUDENTS

BRIEF REPORT: Mr. Surisetty Sairam delivered his wonderful lecture on 3D Printing System He also explained his real time work experience with students directly. And he also explained about the 3D Printing technology could revolutionize and re-shape the world. Advances in 3D printing technology can significantly change and improve the way we manufacture products and produce goods worldwide.

If the last industrial revolution brought us mass production and the advent of economies of scale - the digital 3D printing revolution could bring mass manufacturing back a full circle - to an era of mass personalization, and a return to individual craftsmanship.

Department of Electrical and Electronics Engineering

Academic year: 2021-2022

Conducted on: 25-01-2021

Name of the Alumni/Speaker: P. VISHNU VARDHAN

Designation & Organization: Executive Trainee, HBL Power Systems.

Topic delivered: Batteries and Power Cells.

Target group: II,III & IV B.TECH EEE STUDENTS.

BRIEF REPORT: Mr. P. VISHNUVARDHAN delivered his amazing lecture on Batteries and Power Cells and Alkaline batteries with the first commercially available batteries, Nickel Metal Hydride Batteries and Lithium Ion Batteries and gives lecture on which batteries used in Mobiles, Inverters, Ups and Electrical Vehicles.

## Department of Electronics and Communication Engineering

Academic year: 2021-22

Conducted on: 19-11-2021

Name of the Alumni/Speaker: Palli Jaya Lalitha

Designation& Organization: Associate System Engineer & TCS

BRIEF REPORT: P.Jaya Lalitha has taken a guest lecture for 3rd and4th year ECE students on 19-11-2021. She delivered the lecturer very efficiently in easy way of understanding. She delivered the topic on how the technical skills enhance before entering into the project.Also explain regarding cloud computing concept for industry.

Department of Computer Science and Engineering

Academic year: 2021-22

Conducted on: 10-02-2022

Name of the Alumni/Speaker: Allada Suresh

Designation&Organization: Web Design Engineer &Micro Soft

BRIEF REPORT:Allada Suresh has taken a guest lecture for 3rd and4th year CSE students on02-02-2021. . He delivered the topic on how the technical skills enhance before entering into the Software industry.He explained about techniques of Web Design ,its elements and uses.Also explain what type of courses required for industry.
