ANDROID DEVELOPMENT IN ECLIPSE

from 3rd February 2018 to 8th February 2018

ORGANIZED BY

**DEPT. OF COMPUTER SCIENCE ENGINEERING
AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY,
MAKAVARAPALEM (V), VISAKHAPATNAM-531113**

AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY

AIET started in the year 1999 and offers various courses at Engineering and PG level. The college is providing with rooms, computer centre, laboratories and seminar hall with audio-visual equipments. Industry Institute interaction is conducted regularly to emphasize on the latest trends in the present market.

It is very near to Narsipatnam. Frequent bus facilities are available both from and to Visakhapatnam and Narsipatnam. Very safe and secure hostel facility is available for Girl students. These are the additional facilities

besides excellent academic atmosphere in the college campus.

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

The Computer Science & Engineering department was established with B.Tech Program in 1999 with intake of 60 students and this was increased to 120 students in 2007 and increased to 180 students in 2012. The Post graduate Program M.Tech with C.S.E was started in 2005 with intake of 18 Students and this was increased to 24 students in 2012. The Computer Science & Engineering department was accredited by NBA in 2009 and 2014. Department mission is to be Instrumental in the field of computer science &

engineering by providing high quality education and continues improvement process of the program. The department has full fledged faculty with four professors with Ph.D and 40 staff members with experience in teaching and industry, which leads the skill students to get employment in the market. . The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National, International conferences and research activities. The department is well equipped laboratories and the computers have sophisticated development software tools. The department provides training to its students in advanced technologies like JAVA, WEB TECHNOLOGIES,.NET, PHP, Data Warehousing, Data Mining tools and Data storage systems as a supplement to the curriculum to enhance the employability of students. Our faculty members are the members of Computer Society of India, ISTE, IEEE.

ABOUT COURSE

The Android Application Development Workshop provides participants technical training on the concepts and programming methodologies needed to develop applications for mobile devices. Participants will learn to use different android libraries.

Android Development Tools (ADT) is a plugin for the Eclipse IDE that is designed to give you a powerful, integrated environment in which to build Android applications.

ADT extends the capabilities of Eclipse to let you quickly set up new Android projects, create an application UI, add packages based on the Android Framework API, debug your applications using the Android SDK tools, and even export signed (or unsigned) .apk files in order to distribute your application.

Developing in Eclipse with ADT is highly recommended and is the fastest way to get started. With the guided project setup it provides, as well as tools integration, custom XML editors, and debug output pane, ADT gives you an incredible boost in developing Android applications.

TOPICS TO BE COVERED

- Day 1 Android Stack Introduction
- Day 2 Installing Android and creating first app on emulator
- Day 3 Android Architecture and building blocks
- Day 4 Texture in OpenGL
- Day 5 Android UI– resources, themes, threads etc
- Day 6 Debugging in android

For Registration please contact Mr. K.Ramdass, Assistant Professor, CSE.

DT: 9-7-2018.

CIRCULAR

On behalf of the Department of Computer Science and Engineering, AIET is conducting Collaboratively with APSSDC Five days certificate course on "**Android**" from 16th July 2018 to 21st July 2018 for all the students of IV year CSE. I advise to all the students of IV year CSE to enroll your details for above course. For more details, you may consult Course Coordinator Mr.V.Trinadh Assistant Professor, CSE

Resource Persons: 1. Venkatesh Uppala,
Android Developer, APSSDC
2. B.Bhargavi
Android Developer, APSSDC

Android Development in Eclipse

Duration: 03-02-2018 to 08-02-2018

SCHEDULE

Day 1 (3-2-2018)

9.00 A.M – 1.00 P.M : Introduction to the Android Stack

1.00P.M -2.00 P.M : Lunch

2.00PM -4.00 P.M : Brief discussion on Android Stack

Day 2 (4-2-2018)

9.00 A.M – 1.00 P.M : Installing Android and creating first app on emulator

1.00P.M -2.00 P.M : Lunch

2.00PM -4.00 P.M : More apps creating on emulator

Day 3 (5-2-2018)

9.00 A.M – 1.00 P.M : Gain Knowledge about Android Architecture

1.00P.M -2.00 P.M : Lunch

2.00PM -4.00 P.M : Knowledge about building blocks

Day 4 (6-2-2018)

9.00 A.M – 1.00 P.M : Introduction to Texture in OpenGL

1.00P.M -2.00 P.M : Lunch

2.00PM -4.00 P.M : Describe how to get Texture in OpenGL

Day 5 (7-2-2018)

9.00 A.M – 1.00 P.M : Gain knowledge of Android UI- resources,

1.00P.M -2.00 P.M : Lunch

2.00PM -4.00 P.M : themes, threads etc

Day 6 (8-2-2018)

9.00 A.M – 1.00 P.M : Become familiar with the Debugging in android
1.00P.M -2.00 P.M : Lunch
2.00PM -4.00 P.M : Become familiar with the Debugging in android

Date: 11-2-2018

BRIEF REPORT

Department of Computer Science and Engineering, Avanathi Institute of Engineering and Technology had organized a certificate course on "Android development in eclipse" during 03-2-2018 to 08-2-2018

We had Resource Person: Dr.R.Daniel, Assoc Prof, Bapatla Engineering college, Bapatla was explained about android stack such as Android software stack is categorized into five parts: linux kernel, native libraries (middleware) Android Runtime, Application Framework, Applications. Next he explained about how to run android first app on emulator such as we can run an app from an Android Studio project, or you can run an app that's been installed on the Android Emulator as you would run any app on a device.

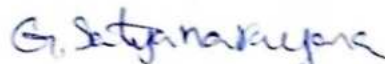

Next Resource person: B.Prakash, Professor, IT, Vignana's Institute of Engineering for Women, Duvvada was explained how to start the Android Emulator and run an app in the project:

1. In Android Studio, create an Android Virtual Device (AVD) that the emulator can use to install and run the app. In the toolbar, select the AVD that you want to run your app on from the target device drop-down menu.

2. Click run

After that he explained about Android UI-resources, themes such as buttons and textboxes.
